

CONNECTIVITY & NETWORKING

Business broadband with one accountable Irish team behind it

Fibre, fixed-wireless and dedicated internet access, designed around your site, with priority business support from the Regional Broadband team.

What you get

- **Access built for your site**
Fibre, fixed-wireless and dedicated internet access, matched to your location.
- **Symmetric speed options**
On selected business-grade services, for cloud, calls and backups.
- **Urban & rural Ireland**
Coverage subject to survey and service availability.
- **Business SLA & static IP options**
Priority fault resolution and static IP, defined in your contract.

Choose the access type that fits your site

Fibre

Business fibre with SLA options and a named account manager.

Fixed-wireless

Fast to deploy where fibre isn't yet present.

Dedicated internet access

Dedicated, uncontended bandwidth with business SLA options.

Networking, tailored to your site

- GPON networks
- Fibre to the desk
- Campus networks
- Integrated & customised

Why Regional Broadband?

- **One accountable Irish partner**
One team accountable for your connection, not a handoff chain.
- **Irish-based support**
A local team you can reach when you need them.
- **Named account manager**
A fixed point of contact who knows your business and your setup.
- **Managed delivery**
We survey, install and support your connection, end to end.
